Young Professionals (YP) gives your business and its employees an opportunity to engage in meaningful ways while building a network in our community. YP activities focus on developing leadership skills, learning to network/connect and giving back to the community. Although YP targets activities for emerging professionals between the ages of 18-39, those who are "young at heart" are invited to join the fun and provide a mentor experience through participation. By participating in YP, you will connect with businesses and individuals from diverse backgrounds and create impact in your community through monthly events and projects that are both fun and informative.

The YP **Steering Committee** is a committee of the Chamber that provides a unique opportunity for emerging leaders.
