## WHAT ARE CHAMBER CHECKS?

Chamber checks are **real checks** that can be used at participating Chamber investor businesses.

Chamber checks are a great alternative to a traditional gift cards, as they can be used at over 100 different businesses!

## HOW DO I USE CHAMBER CHECKS?

Chamber checks may be used for payment just as any other check payment would be used.

If your Chamber check amount exceeds the purchase amount, you will receive cash back for the "overpayment". If your Chamber check is less than the purchase amount, you will have a balance due that you can pay by cash/check/card/gift card.

If you experience an issue with using a Chamber check, it's best to ask for a manager. There have been instances reported to the Chamber where a new cashier has not yet been educated about the program.

## DO CHAMBER CHECKS EXPIRE?

Yes! Chamber checks expire 120 days after their issue date.

If you have an expired check, simply visit the Menomonie Area Chamber & Visitor Center to exchange the check for a new one. You must turn in the expired check to have a replacement issued. This process is also recommended for businesses that accidentally accepted an expired Chamber check as payment.

## HOW DO I PURCHASE MORE CHAMBER CHECKS?

Chamber checks may be purchased at the Menomonie Area Chamber & Visitor Center. The checks need not be "activated" like a gift card, they are a live check once issued. Orders for Chamber checks may also be placed on the Chamber website, however, they must be picked up in person.
